

Welcome to Wyaah

Wyaah is a private, membership-based matchmaking service for Pakistani families — inside Pakistan and across the Middle East, Europe and America. We are not a marriage bureau: no door-to-door visits, no public profiles, no browsing directory.

We hold a verified database of registered members. Our matchmakers select from it on your behalf, share the shortlist with you privately, and move forward only once you have reviewed and approved.

What makes us different

Four things separate a matchmaking company from a rishta agent. Each one exists to protect your time, your family's dignity and your privacy.

A database, not door-to-door

Every match comes from a profile registered and verified with us — no knocking on doors, no third-hand rishta gossip.

You review before anything moves

We shortlist and share. No contact and no meeting happens until you have reviewed the profile and said yes.

Human-led, not algorithmic

Compatibility is judged on family, values, education, sect and lifestyle by a senior matchmaker — not a swipe score.

Fully online, wherever you are

Registration, review, consultation and coordination run online — by call, WhatsApp or video, in your timezone.

From registration to nikkah

A discreet, human-led sequence. Your matchmaker contacts you within 48 hours, and your first shortlist follows within 3 working days.

Registration is completed online at wyaah.com/apply.

01 Register & pay the membership fee

Apply online and pay PKR 15,000 into our registered National Bank of Pakistan account.

02 Verification & consultation

We verify your details and speak with you or your family about exactly what you are looking for.

03 Matches drawn from our database

Your matchmaker searches the registered pool and shortlists profiles that genuinely fit your criteria.

04 You review, then we proceed

Profiles are shared privately. Only on your approval — and the other side's — do we move forward.

05 Family-to-family introduction

We coordinate the meeting between families and stay available until the nikkah is finalised.

Three categories, one standard of care

Our database is organised by region so expectations, timelines and matchmaking effort are matched correctly from day one.

**PK****CATEGORY 01****Pakistani**

Families living in Pakistan — Karachi, Lahore, Islamabad, Rawalpindi and every province — matched within the local pool.

Standard & Premium packages

**M/E****CATEGORY 02****Middle East**

Pakistanis settled in the UAE, Saudi Arabia, Qatar, Kuwait, Bahrain and Oman — coordinated in your timezone.

Middle East package

**E/A****CATEGORY 03****Europe / America**

UK, USA, Canada, Australia and the EU. Nationality, residency and relocation handled openly from the first conversation.

HANDLED WITH DIGNITY

Widowed and divorced applicants

A second marriage deserves the same dignity as a first. We maintain a dedicated segment for widowed, divorced, khulla and separated members — with or without children — and match within it deliberately, never as an afterthought.

Circumstances are disclosed honestly and early to the other side, so no one's time is wasted and no one is judged.

Dedicated second-marriage segment

Children disclosed openly and early

Families involved from the first call

Your privacy is the product

Discretion is not a feature we advertise — it is the reason families trust us with their sons and daughters. Four commitments hold for every member, without exception.

- 01 No female photograph goes public**
Never on a website, social media page or group. Photos are shown only to a shortlisted family, only with your permission.
- 02 No public directory, no browsing**
Your profile cannot be searched or viewed by other members. Only our matchmaking team has access, and only to match you.
- 03 Contact details stay with us**
Numbers and addresses are exchanged only after both sides confirm mutual interest — never before.
- 04 Your data is never sold**
No third parties, advertisers or other agencies — during your membership or after it ends.

STEP ONE — PAYABLE AT REGISTRATION

Registration Fee

15,000

ONE-TIME · NON-RECURRING

Package fee — payable only after the nikkah

Please do not contact us if...

- You are looking for a **free service** — membership is paid, and we make no exceptions.
- You want a **private relationship or friendship**, not nikkah — such applications are rejected and blocked.
- You will not **involve your family** or share accurate, verifiable details.
- You are **not ready to marry** right now — please don't waste your time or ours.

200+ families. **Three** of their stories.

“

“We had been hearing the same three or four rishtas from every aunty in the family. Wyaah sent us four profiles in the first week, each one actually matching what we had asked for. The second one became our daughter-in-law.”

STANDARD · LAHORE, 2025

“

“I live in Dubai and my parents are in Multan. Wyaah handled both ends — calls with me at night, meetings with my family during the day. I never once had to explain the same thing twice. Nikkah was in March.”

MIDDLE EAST · DUBAI & MULTAN,
2025

“

“As a divorced mother of one, I had almost given up. Wyaah did not treat my situation as a defect — they were honest with the other side from the start, which is exactly what I wanted. I remarried this year, with my family beside me.”

PREMIUM · ISLAMABAD, 2026

Frequently asked questions

01 · How is Wyaah different from a marriage bureau?

A bureau collects a fee and circulates your details wherever it can. We are a closed matchmaking service: your profile sits in a private, verified database, a matchmaker selects from it for you, and nothing is circulated without your approval.

03 · Will my photographs appear anywhere online?

Never. No profile — and no photograph of a female member — is posted on any website, social media page or group. Details are shared privately with one shortlisted family at a time, with your consent.

05 · What if you cannot find me a match?

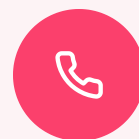

If no match has been shared within 3 working days of completed registration, your registration fee is refunded immediately, without cross-questioning. Beyond that, matchmaking continues for as long as your membership is active.

02 · Why do I have to pay to register?

The fee filters out the non-serious and pays for verification and matchmaker time. It also protects you: everyone in our database has paid to be there, so everyone you are shown is serious about marriage.

04 · When is the package fee due?

Only after the nikkah. PKR 15,000 registration is paid up front; the package fee — Standard, Premium, Middle East or Europe/America — becomes payable once the marriage has taken place.
